There is no bonus game on the second screen in No Worries. However, you have the option to activate the gamble game after any win. You have to decide whether you want to try and double your win or multiply it four times. In the first case you predict the colour of the next card and in the second case you predict the suit of the next card. If your prediction comes right then your win will be doubled or quadrupled. You can play this game again till the gamble limit is reached. If you guess wrong anytime then you will lose everything. Comedian Lewis Black once said that golf was a game designed for people who don't hate themselves enough. We have to disagree, however, especially when you can tee off at these pristine golf courses – all of which are located right here in Australia! [Read more...] For a less expensive option that will still give you a good chance of covering wins in a selected group of numbers, you might want to try a super combo. This kind of entry covers some, but not all, possible ticket combinations amongst 10-26 numbers of your choosing. The cheapest (Super Combo 12D – \$27.00) covers 12 numbers across 30 lotto lines, while the dearest option (Super Combo 26A – \$4,258.80) uses two groups of 13 numbers and equates to 169 System 8 tickets. casino etiquette reddit
