There are several types of wilds: Expanding wilds, once activated, take up the whole reel, turning all the symbols on their way into wilds. Sticky wilds keep their place for a number of spins, giving you a chance to win more frequently. A subtype of sticky wild is the shifting wild, which travels horizontally across the reels during every spin, and eventually disappears. Finally, stacked wilds fill up the whole reel by popping up one on top of the other. That's it at the moment. But if you look how fast the gambling industry develops, you'll agree that we might be checking out some brand new features pretty soon! spin the wheel to win gift cards

The unidentified winner won over one million dollars after finding the ticket hidden underneath old beer cartons that he used to line the bottom of his reusable Aldi shopping bags. After cleaning out his car over the weekend, the man thought it was time to put new cartons in the bottom of his bags and that is when he found the ticket. The man checked the numbers online and to his delight he saw that he was a winner.
