Well, now you can when you play High Society, the new video pokie at Royal Vegas Casino. High Society is a bling-theme online video pokie with 5 reels and 25 paylines (it deviates from the ways-to-win format which we've been enjoying recently and returns to good old paylines). The game has super symbols: super wild reels and super multipliers, as well as free spins. The free spins feature has a built-in bonus choice which is triggered during the base game. You are given many chances to hit the jackpot when you play High Society. For instance, 3, 4, or 5 scatters award 10 free spins plus a Super Multiplier. Plus, you will get boosted up to the multiplier range by scatters that land on reels 1 or 5. These are bonuses which are offered by a casino to clients whenever they have an interest of promoting a certain game. The casino will offer bonuses on this game to people who are willing to try out the game. It is quite essential that you have all the information concerning the bonus before selecting it. The second group consists of the modern slots that just have the classic game layout. It means you can play your favorite 3-reel 1-winning line slots with detailed 3D graphics, cool animations and unique sounds. munsters slot machine las vegas
