These are one of the first online casino games that became popular among gamblers all over the world. Classic slots have only 3 vertical rows that, obviously, limits them in the number of possible winning combination but doesn't limit the amount of money you can win when you play them for real money bets. Of course, these number of reels didn't allow to use many advanced features but 3 reels slot games where the first where wild and scatter symbols (now familiar to every gambler) were used. Free slot machine games with 3 reels are the best option for the players who are just starting to play gambling games. Video slots with many reels usually have some advanced features that might be hard to understand from the first glance and the newbie in the gambling world can easily get confused. So it's a nice way to get acquainted with slot games while playing classic slots and then move on to more complicated five or seven reel games. win flights 2018
