The time of harvest comes and farmers reap it to sell it and get money. In this game you will reap sweet harvest of credits. The game has great design; all symbols are nicely drawn and animated. The pretty country melodies can be heard during the game. The game is really very attractive. The graphics of the game are very cartoonish, and might remind you a bit of something you'd expect to see in Spongebob Squarepants – especially when you see all of the underwater "buildings" made out of rocks and hermit crab shells. The "characters" include clams, shrimp, a walrus and an octopus, each of which has a unique look and feel. Each one is even given their own short biography in the pay table, giving the game world a lot more depth than you might expect. Overall, this is a fun and clever theme that is well presented and definitely adds some flavour to an already entertaining pokie.
